

IJ65, IJ75, IJ85 Mailing Systems

Thermal Roll Tape Dispenser

The TRTD unit is the ideal accessory for your IJ65, IJ75 or IJ85 Mailing System, providing the versatility and cost savings you need.

- **Fast:** No more peeling labels, thereby boosting productivity
- **Easy:** Features Print  Stick™ liner-less tape for ease of use
- **Cost Effective:** Prints exact tape length reducing waste
- **Small:** Compact size, and can be positioned next to your scale
- **Simple:** Easy-to-load clamshell design makes reloading a breeze

To learn more about how the Neopost TRTD unit can help maximize the productivity of your IJ65, IJ75 or IJ85 Mailing System, please contact your local Neopost Dealer or Sales Representative. Or, call us toll free at 1-888-Neopost (636-7678), and ask for department MB06. You can also visit us on the Web at www.neopostinc.com.

Reload your TRTD with ease. The clamshell design allows quick and simple refilling of the unique, liner-less stock.

Place the unit where you want it. The modular design allows for maximum flexibility when setting up your mailing environment.

The Neopost TRTD

A better way to mail your packages.

Flexible

The thermal roll tape dispenser is an external, modular unit that will broaden the capabilities of any mailroom. With the TRTD from Neopost, you'll never deal with "peel and stick" labels again! And, for greater efficiency, it can be used from the control panel of either your mailing system or your scale.

Efficient

The TRTD provides increased productivity by printing labels that are ready to stick, without water, right out of the machine. You don't even need to buy ink—perfect for any business that uses a significant number of labels.

USPS Compliant

Full IBI compliance is standard with the TRTD, ensuring all current and future USPS postal regulations are met.
