About Neopost

Neopost (Paris Exchange 12056), is the second largest provider of mailing, addressing, document handling and logistics systems worldwide. Neopost allocates an industry leading percentage of its resources to R&D and is the only company that exclusively focuses on mailing, logistics and document handling products. Neopost's products are sold in 70 countries, with primary operations in the world's top mailing markets including the United States, Canada, France, Germany and the United Kingdom. Visit Neopost at www.neopost.com.

Neopost Inc. is a U.S. subsidiary of Neopost and its corporate offices, customer service, and product development departments are based in San Francisco, California. Local sales and support are available throughout North America.

Neopost's history dates back to the 1920s when the organization's founders introduced the first postage meters in Europe. Over the years, the company has continued to serve as a leader in the design and manufacture of modular mailing systems, addressing systems, postage meters, electronic postage scales, and e-postage products.
