

AS 268

AS 268 Address Printing System

It's the high speed, professional desktop address and barcode printer built upon HP Inkjet Technology.

The Neopost AS 268 offers the opportunity to quickly, easily, and professionally print addresses and barcodes at up to 26,000 envelopes per hour.

Saves time – Mail is processed faster, so it gets to your customer sooner than mail with labels.

Saves money – Eliminates the expensive and time-consuming process of printing and applying address labels.

Increases response rates – by producing a professional and personalized image.

To learn how a Neopost system can help maximize your productivity, please contact your local Neopost Dealer or Account Executive. Or, call us toll free at 1-888-Neopost (636-7678), and ask for department MB10. You can also check us out on the Web at www.neopostinc.com.

Mail With Impact – With the Neopost AS 268, you can print variable addresses, return addresses, barcodes, and custom attention grabbing messages using any true type fonts.

Maximum Print Area – With an industry leading 4" wide by 17" long print area, the Neopost AS 268 provides maximum one pass printing.

Options – The Neopost AS 268 offers a variety of finishing options:
 - Conveyor stacker for large runs
 - Drop tray for ultimate efficiency

The power to achieve higher productivity.

The Neopost AS 268 is the world's only 8 print head desktop addressing system! The Neopost AddressJet software downloads all fixed information and graphics to the printer's memory so only the variable information is sent for each piece. There is no need to have your printing process slowed down while your computer downloads the graphic for each piece. It can print up to 26,000 #10 envelopes per hour without delay.
