

# AS 73

## AS 73 Address Printing System

It's the compact desktop address and barcode printer built upon HP Inkjet Technology.

The Neopost AS 73 offers the opportunity to quickly, easily, and professionally print addresses and barcodes at up to 7,200 envelopes per hour.

**Saves time** – Mail is processed faster, so it gets to your customer sooner than mail with labels.

**Saves money** – Eliminates the expensive and time-consuming process of printing and applying address labels.

**Increases response rates** – by producing a professional and personalized image.

To learn how a Neopost system can help maximize your productivity, please contact your local Neopost Dealer or Account Executive. Or, call us toll free at 1-888-Neopost (636-7678), and ask for department MB14. You can also check us out on the Web at [www.neopostinc.com](http://www.neopostinc.com).

Customized control panel allows easy setup of print jobs.

Neopost addressing software CASS and PAVE certifies your mail for USPS discounts!

High quality 600 dpi printing means consistently machine-readable barcodes that fly through the Postal Service systems and speed up the delivery of your mail.

## Addressing and bar code inkjet printers

**Quicker Delivery:** Mail that has a delivery point bar code skips time-consuming postal processes and gets to your intended customers faster.

**Saves Money:** Mail with a Delivery Point Bar-Code applied costs the USPS less money to process and therefore can be mailed at reduced postage rates.
