

# Neopost IJ 110

**Incredible performance  
takes productivity  
to a whole new level.**

The Neopost IJ 110 simply outperforms every other mailing machine in its class in speed, functionality and ease of use.

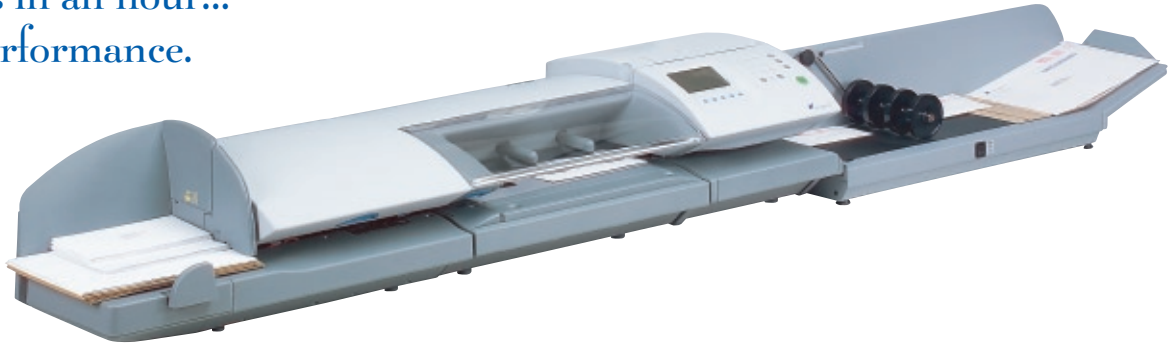

When you need the fastest, most productive mailing solution you can get, there's no better answer than the Neopost IJ 110. It's a small wonder how such a technology-rich performer could be so easy to operate. With an IJ 110 you can:

- Process mailings at speeds up to 250 lpm
- Have the highest level of mail center productivity
- Maximize cost efficiencies with effective equipment
- Automatically process mixed-sized mail up to 5/8" thick
- Dynamically weigh mail as it passes through the system
- Track costs and export reports for up to 500 departments

# Neopost IJ 110 - Superior Performance

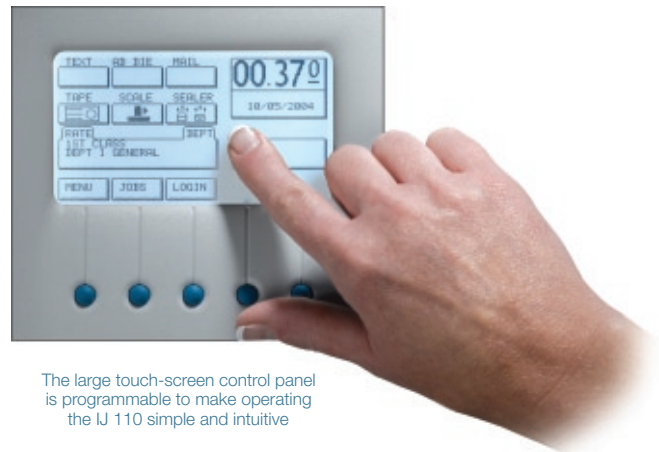

15,000 mail pieces in an hour...  
Now that's top performance.

If maximum performance is your top priority, then the IJ 110 is the logical choice.

Endless mailings have met their match with the Neopost IJ 110's superior performance and advanced time-saving technology.

- Maximum performance consistently and reliably
- Dynamic scale weighs and measures each mail piece in-motion
- Mixed Mail Feeder processes varying envelope sizes and thicknesses up to 5/8"
- Mail is processed with envelope flaps open or closed
- PC interface to export mailing data and reports
- Track costs for up to 500 departments
- Optional thermal roll-tape dispenser, integrated weighing platforms, conveyor stacker, and more

The large touch-screen control panel is programmable to make operating the IJ 110 simple and intuitive

Neopost's high-capacity feeder has an adjustable side guide to hold your large stacks of mail in place

Save time by automatically processing mail of various sizes and thicknesses up to 5/8"

The pump-fed water spray sealing system provides a consistent seal and is easy to clean

Our advanced feeding system easily accommodates nested or non-nested envelopes

The IJ 110's high-capacity ink tank increases operating time and reduces costs
