

Neopost IJ 80

The professional mailing solution for corporations on the move.

The Neopost IJ 80 mailing system combines speed, modularity and advanced technology to deliver a mailing solution that's simple and effective.

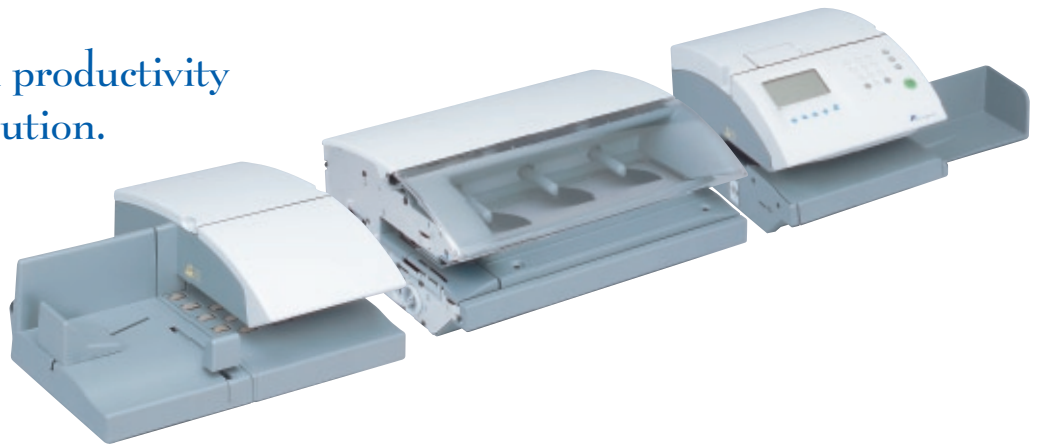

Mail center managers faced with the challenge of increasing output while decreasing costs will revel in the Neopost IJ 80. Combining performance and reliability with advanced technology and modularity, the IJ 80 does it all so your staff doesn't have to. With an IJ 80 you can:

- Process mailings at speeds up to 185 lpm
- Add modules to expand your mailing capabilities
- Increase mail center productivity and effectiveness
- Automatically process mixed-sized mail up to 5/8" thick
- Accurately weigh mail in-motion and apply exact postage
- Track postage and costs for up to 500 departments

Neopost IJ 80 - Modularity and Performance

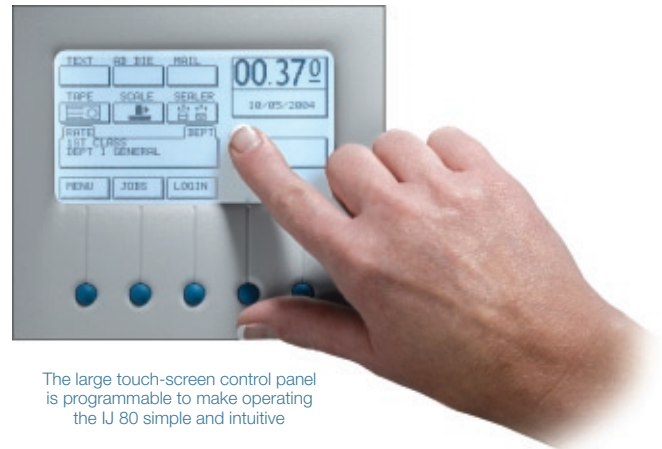

Maximize your mailroom productivity with a custom mailing solution.

Neopost's modular IJ 80 is the professional mailing solution for growing needs and shrinking budgets.

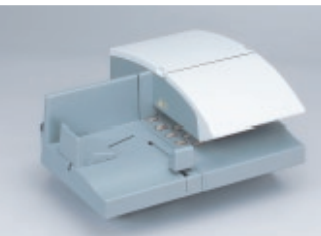

If there's one constant in business, it's change. Neopost built the IJ 80 with modular add-ons to quickly and easily accommodate change as it comes - meaning you only pay for the capabilities you need. The Neopost IJ 80 is simple to operate yet durable enough to stand up to the demands of the toughest environments.

- Quiet, fast and reliable performance day after day
- Standard auto-feed and brush sealing system
- 10 programmable job presets for regular mailings
- Prints labels for packages and large mail pieces
- PC interface to export mailing data and reports
- Optional dynamic scale, mixed mail feeder, thermal roll-tape dispenser, integrated weighing platform, conveyor stacker, and more

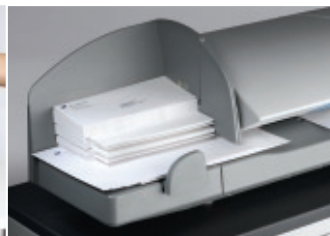

The large touch-screen control panel is programmable to make operating the IJ 80 simple and intuitive

Neopost's high-capacity auto feeder expedites mail processing and is standard with all systems

Neopost's differential weighing feature automatically calculates the weight of each piece removed from the scale

The optional mixed mail feeder quickly handles mail pieces of various sizes and thicknesses up to 5/8"

Our advanced feeding system easily accommodates nested or non-nested envelopes

Ink cartridges last longer than the competition and are a snap to replace

Neopost, your trusted partner for simple mailing solutions.
