

SE37/SE57

Postage Computing Scales

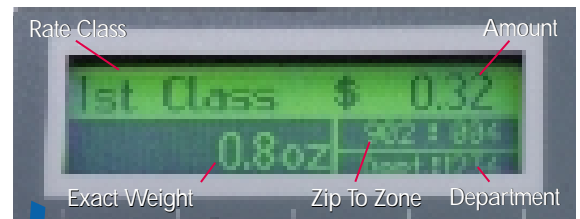

Neopost's SE37 and SE57 electronic scales deliver accuracy, speed and a wealth of automatic functions.

Put An End To Overpayments

Neopost's SE37 and SE57 rate calculating scales save postage dollars by accurately weighing and automatically calculating the correct postage. In fact, according to the United States Postal Service, an electronic scale can save from 10% to 20% off your postage expenses. The SE37 and SE57 scales have:

- 5 lb. and 10 lb. capacities
- Digital weighing technology
- Unprecedented accuracy

The easy-to-read LCD display shows accurate information for a variety of carriers and user-activated functions.

The Need For Speed

Neopost has integrated lightning-quick technology into the SE37 and SE57 scales. The informative, easy to read graphic LCD display and color-coded keyboard further increase productivity with one-touch commands allowing quicker processing speed.

Accurate, Fast and Multi-functional

SE37 and SE57 scales combine easy operation with advanced technology to provide reliable, productive performance.

The color-coded keyboard and easy-to-read display enhance productivity with clearly marked selection keys, easy-to-follow display messages and multiple function keys.

More Rates, Less Confusion

Integrated into the SE37 and SE57 digital scales are a wide variety of rates and functions. Automatic rate selections are available for USPS, UPS and FedEx. And all rates come in a convenient Rate Pak™ for easy updating when rates change. When rates do change, we'll mail you a new Rate Pak™ free of charge if you've chosen our Rate Change Protection™ program.

USPS Standard Rates

- 1st Class/Priority
- Standard Class
- Book
- Express PO-ADR
- International Air/Surface
